Yup – they provided the PCTn for oranges and juice, which was pretty high – I really don't know about exactly what was provided for the other crops, but OJ was the driver.

Gotcha – they made it sound like they had not provided new PCT since the CRA for aldicarb/citrus. They mentioned providing PCTn for the projected new domestic citrus use?

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

That's what I'm guessing this is.

Mike-

We are in the Ed meeting... and BEAD said they have to provide new PCT for citrus? I thought Will had used PCT already? Maybe BEAD is confused? It was an odd meeting....
